The Vigor of Swift & Company Continues Only Because of Service

The only "control" over the packing industry is the "control" that gathers about the ability to do a necessary job in the best way.

Swift & Company has reached a leading place in the industry because the size and character of the job of providing a nation's meat require the wide and thorough organization, the experience and devotion to duty, found in an institution like Swift & Company,

The moment Swift & Company ceases to perform its functions of usefulness with the greatest elficiency and satisfaction to the people, its position in the industry will vanish.

Swift & Company service is performed at a profit of a fraction of a cent per pound.

Let us send you a Swift "Dollar" It will interest you. Address Swift & Company, Union Stock Yards,

Swift & Company, U.S. A.
